Every 2 Minutes
a young woman dies of cervical cancer
somewhere in the world. Why?

Educate-Empower-Eradicate

Join us today in our Women Saving Women
Movement. Help us by increasing awareness about the
vaccine and screening to this preventable disease in
the US and around the world. We are looking for key
partners and collaborations to move our message
forward. Want to join us now? Contact us via our
website: www.giahc.org
