Thursday, January 30, 2025

HPV Oropharyngeal Cancer – The Past, the Present,
and the Future

Friday, January 31, 2025

Empowering Youth Voices to Lead Global Change

Live Q&A sessions follow each daily webinar.

Building on the momentum of the past several years, the 2025 Us vs. HPV Global Webinar series offers a unique opportunity to hear from global experts about groundbreaking advancements in the fight against cervical cancer and other HPV-related cancers, including head, neck, and anal cancers. These interactive webinars and panels will address pressing issues such as disparities in healthcare delivery and highlight cutting-edge innovations in prevention, diagnosis, and treatment. Open to clinicians, patients, and the public, this series empowers everyone to play a role in achieving a historic milestone: making cervical cancer the first cancer to be eliminated.

Join us to learn, collaborate, and inspire action toward a world without cervical cancer!

Chairs: Dr. Bisi Alli, Dr. Shobha Krishnan, Dr. Eliza Chin
